

# LABOR ARBITRATIONS AND RELATED ADMINISTRATIVE HEARINGS

LABOR AND EMPLOYMENT DIVISION

---

Our litigators have significant experience representing employers in labor arbitrations, particularly those pursuant to collective bargaining agreements. Because of our vast experience negotiating labor contracts and providing advice concerning provisions in labor contracts, we have an extensive understanding as to the language in those contracts and how labor arbitrators interpret that language. Our lawyers have developed outstanding reputations before many of the well-known arbitrators who handle cases in Florida, and we find that these reputations inure to the benefit of our clients. We also regularly handle civil service board administrative hearings for our public sector clients involving disciplinary and related issues.
